impuls academy

1.) impuls . **Academy 2023**

Registration for the **13th international impuls Academy** (coming along with the 8th impuls Festival) **has started** and invites **composers, electronic musicians, young ensembles** and **chamber music formations, vocalists** as well as – only for some specific special programs – **other artists** to join **impuls 2023** in **Graz, Austria** (23.7. day of arrival – 4.8. day of departure). Like in 2021, the Academy 2023 hereby once more welcomes already existing young ensembles and chamber music formations and does not offer any individual instrumental classes. Also, for the first time, impuls is inviting vocalists to work together as **vocal ensemble** with members of Cantando Admont.

At the Academy an international team of **renowned tutors** will coach participants from all over the world, and offer various **special programs** beyond individual training. Daily **group lectures, discussions, talks** and other forms of **discourse programs** as well as daily **impuls Festival** concerts and presentations by Klangforum Wien, Quatuor Diotima, Decoder Ensemble, hand werk, Cantando Admont, Schallfeld Ensemble, NEKO3, IEMA-Ensemble a.o., as well as by young formations and artists participating, enrich the Academy offers.

2.) impuls . **Composition Competition**

impuls competition

Registration has also started for a new edition of the international impuls Composition Competition.

Every second year **impuls commissions new works** from **young composers selected by a jury**. Subsequently these composers are **invited** to take part in the **impuls Composition Workshop** in Vienna and Graz – where their new works are collectively rehearsed and discussed extensively with musicians of world-class ensembles such as [Klangforum Wien](#) –, as well as to the **premieres** of their new pieces within the impuls Academy and Festival in Graz.

The call for **this year´s competition** runs from **October 31st, 2022 - March 31st, 2023** and will lead to commissions to be **premiered in 2025**.
